

SAM Digital 2021

Skin Allergy Meeting 12 -13 March 2021

Joint meeting

FINAL PROGRAMME

EAACI.org

Welcome to SAM Digital 2021 meeting!

We are offering you the opportunity to explore our rich state-of-the-art scientific content in a truly innovative way. By participating at the meeting you will be able to interact and discuss the latest findings in the exciting field of skin allergy.

Make the most out of your SAM Digital 2021 experience by:

- **Accessing the meeting's virtual platform with your My EAACI login information;**
- Tuning in and watching a variety of virtual sessions without missing out;
- Discussing important topics and asking your questions via an interactive Q&A;
- Consulting our vast number of abstracts, posters and webcasted presentations with novel research any time during the meeting and afterwards;

In order to match this digital format, we have split the Meeting Programme in 3 parts:

Live Scientific Programme

Top-quality scientific sessions, to be delivered to you live during the event. You will find the details of this programme from pages 14 to 21.

Industry Programme

All the valuable content brought to you by our industry partners.

On-Demand Scientific Content

A selection of presentations from the live programme will be recorded and available for viewing during SAM Digital 2021 and 6 months thereafter.

SAM Digital 2021 Chair

Lars Poulsen
SAM Digital 2021 Co-Chair

Barbara Ballmer-Weber
SAM Digital 2021 Secretary

Welcome to SAM Digital 2021!

The EAACI-ESCD Skin Allergy Meeting is the leading European meeting in 2021 devoted to skin allergy. The sixth edition of this biannual event will be a digital event taking place on 12–13 March 2021.

SAM will be held in collaboration with the European Society for Contact Dermatitis (ESCD). The meeting will provide up-to-date information for clinicians, covering basic, translational and clinical aspects on atopic dermatitis, allergic contact dermatitis, mast cell driven diseases, cutaneous drug allergy, anaphylaxis, food allergy and the skin, hand eczema and occupational eczema, among others. We will welcome acclaimed experts presenting keynote lectures.

Moreover, to enhance the learning experience, the meeting will be a platform for “hot topic” discussions and case reports. We are glad to welcome you to the SAM Digital 2021!

BECOME AN EAACI MEMBER

Over 12,000 professionals are already members of the largest medical association in Europe in the field of Allergy and Clinical Immunology.

Renew your membership today!

Benefits applied to all categories

- ✓ Free access to online Allergy, PAI and CTA journals
- ✓ Possibility to join Task Forces
- ✓ Full voting rights & eligibility for election
- ✓ 50% Discount EAACI Knowledge Exam

Full Membership

150€*

- ✓ EAACI Annual Congress Up to 25% discount
- ✓ EAACI Focused Meetings 25% discount
- ✓ EAACI Schools & Master Classes Up to 40% discount

**For members from countries with a GNP of less than USD 10,000: Full Membership is 75€ and EAACI Allied Health Interest Group Membership is 40€.*

Junior Membership (under 36 years old)

Free

- ✓ EAACI Annual Congress Up to 55% discount
- ✓ EAACI Focused Meetings Up to 70% discount
- ✓ EAACI Schools & Master Classes Up to 50% discount
- ✓ Eligibility for EAACI fellowships & Scholarships
- ✓ Eligibility for EAACI events travel grants

EAACI / NAS Dual Membership

30€

- ✓ EAACI Annual Congress Up to 25% discount
- ✓ EAACI Focused Meetings 25% discount
- ✓ EAACI Schools & Master Classes Up to 40% discount

This membership only applies to members of National Societies who have signed the EAACI NAS Dual Membership Agreement. Check our National Societies Agreements list at www.eaaci.org/membership

Abstracts

All abstracts will be listed on the EAACI website. Presented abstract texts will be published on the EAACI content platform after the event.

Certificate of Attendance

The Certificate of Attendance can be downloaded after completing the delegates survey, which will be sent via email after the event.

CME Credits

The SAM Digital 2021, 12 – 13 March 2021, **has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with 10 European CME credits (ECMEC®s)**. Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity. Please find more information. Please find more information [here](#).

Disclaimer

Participants are encouraged to purchase an insurance to cover loss incurred in the event of cancellation. EAACI cannot be held liable for any hindrance or disruption of the SAM Digital 2021 proceedings arising from natural, political, social or economic events or other unforeseen incidents beyond its control (force majeure). Registration of a participant implies acceptance of this condition. The materials presented at this continuing medical education activity are made available for educational purposes only.

EAACI Campus

Visit the EAACI Campus virtual booth to learn more about EAACI's activities such as membership, publications, EAACI Media Library and future events is available under one roof. The booth will be open throughout the entire congress, and an online team will be available for questions through the live chat during the following hours:

- Friday, 12 March 2021: 08:00-17:45 CET
- Saturday, 13 March 2021: 08:00-14:45 CET

Photography, film and audio for event documentation and public reporting

By participating in the SAM Digital 2021 the delegate understands that recordings of the digital content and the capture of images and videos to be publicly shared are prohibited.

Registration

Registration fee for delegates includes full access to the event content. **Please note that the five Meet the Experts sessions are not included in the standard registration fee.** We invite you to sign up for those sessions during your registration, which will be held on Saturday morning. Each session is restricted to maximum 10 participants, **on a first come first served basis.**

Technical Information

The SAM Digital 2021 interface will be user-friendly and fully responsive, allowing delegates to watch all sessions from their laptops/desktops, iPad/tablets, and mobile phones. However it is recommend to use computers, to get the best experience including live chat during sessions within the Live Scientific Programme, an important feature that boosts interaction between you, faculty and your peers. In regards to a preferable web browser, we suggest Google Chrome as the most compatible one. In order to provide a well streamlined support, we kindly ask you to send any technical queries directly to following email address: support@eaaci.org.

Virtual Exhibition

Join us in meeting with key industry experts, exchange knowledge on critical areas of development and research in allergy and immunology. The digital exhibition will be open according to the main scientific programme timetable, subject to final adjustments:

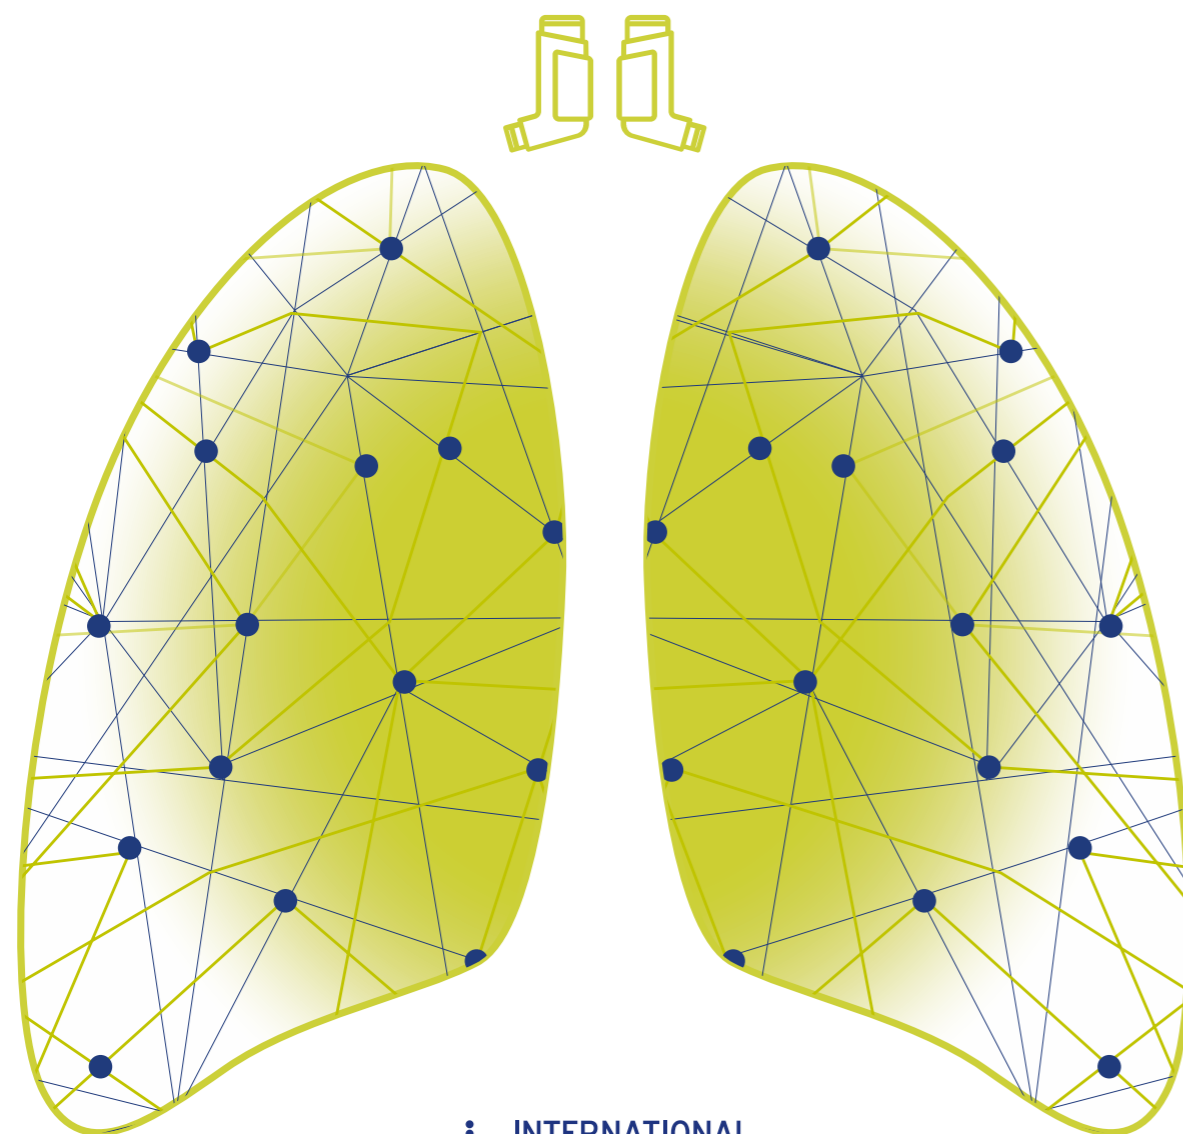

- Start of Exhibition: 12 March 2021 – 9:00 CET
- End of Exhibition: 12 September 2021 – 17:30 CET

EAACI Hybrid Congress 2021

Harmonizing Research and Patient Care in Allergy, Asthma and Immunology

10-12 July 2021
Physical Congress in Krakow & Digital Congress

This year, we will focus on one of the overarching aims of our academy: ensuring standardization in our field across the globe, thereby facilitating knowledge mobility and providing the best degree of care to our patients worldwide. **Register now and join us for the biggest allergy meeting of 2021!**

Focused meetings

ISAF Digital 2021 - International Severe Asthma Forum
17 April

The ISAF Digital 2021 aims to bring together scientists and clinicians with a broad range of experience, from junior scientists/doctors to key opinion leaders, at a focused meeting dedicated to all aspects of severe asthma.

ISAF Digital 2021
International Severe Asthma Forum

PAAM Digital 2021 - Pediatric Allergy and Asthma Meeting
12-13 November

Join PAAM Digital 2021 together with thousands of pediatricians and primary care physicians who care passionately for the challenging scientific and clinical issues that relate to pediatric allergy and asthma.

PAAM Digital 2021

Overview

Delegates will be able to earn points at several check points and interactions along the way during the SAM Digital 2021 experience. Your ultimate goal: **win vouchers that can be used towards any EAACI event registration or EAACI activity in the future.**

Available to all registered delegates during their visit to the virtual exhibition area when visiting, chatting, answering scientific questions, and providing valuable feedback to our industry partners.

Additionally, with the Leaderboard function, delegates will be able to see the live scores of the top 20 delegates.

EAACI would like to thank our Industry Sponsor for its support and dedication during these difficult times, This could not be done without their valuable contributions.

The digital information exchange at SAM Digital 2021 represents a new and exciting experience for us all. We encourage you to explore it! Use your well-deserved breaks to network, get informed and exchange.

How does it work?

- Once you have logged on to the SAM Digital 2021 platform, the Activity Challenge will appear on the Home Page. Click on the Activity Challenge icon which will prompt a description of the activities.
- The goal is to generate as many points as possible from the group of activities listed.
- Each activity will have a maximum amount of points that can be achieved, which will be distributed based on how much the attendee has completed.
- As activities progress, there are barriers that show:
 - Activity completion status. Eg. You have completed 5/10 activities
 - Participants' point total can be seen next to their profile.
- In the case of a tie between multiple participants in the EAACI Activity Challenge, the winners will be automatically identified based on the submission time of first completing the full Activity Challenge.

Activity Challenge SAM Digital 2021

Company Sponsored Symposia

Industry Symposia will run in parallel with the main scientific programme on the digital programme. These symposia are organised independently by the sponsoring companies who also select the topics and speakers. The topics have been reviewed and approved by EAACI.

Hot Topics Sessions

Hot Topic Sessions consist of presentations. Topics are selected close to the time of the meeting, with the goal of presenting new and exciting data in a more informal format than a typical session. Hot Topic Sessions allow members to gain insight into the latest news and findings in skin allergy.

Meet the Experts Sessions

Renowned experts share their knowledge in an informal setting, discussing in small groups how to handle difficult cases in specific areas of interest. These sessions are restricted to previously registered participants.

Symposia

Symposia are state-of-the-art educational sessions in which the speakers critically review diverse aspects of a specific topic. The target audience consists of delegates who are primarily interested in the subject or wish to update their knowledge in the area.

Oral Abstract Sessions

The most exciting work from abstracts submitted to the meeting will be honoured with a place in these sessions.

Poster Sessions

Posters can be found in the e-poster section of the SAM Digital 2021, together with a voice-over, and available in the EAACI content platform. Poster chairs will interact with the poster presenters during the respective sessions. The best posters of each session will be awarded with a prize.

Programme description

Friday, 12 March 2021

Session 1 - Atopic Dermatitis

09:15-10:30 CET

Chairs: Carsten Bindslev-Jensen, Denmark / Clive Grattan, United Kingdom

09:15-09:35 - Pathomechanism targets for treatments

Tilo Biedermann, Germany

09:35-09:40 - Q&A

09:40-10:00 - Treatment guideline

Mette Deleuran, Denmark

10:00-10:05 - Q&A

10:05-10:25 - When to suspect allergic contact dermatitis in atopic dermatitis patients

Thomas Rustemeyer, The Netherlands

10:25-10:30 - Q&A

Session 2 - Allergic Contact Dermatitis

10:40-11:55 CET

Chairs: Thomas Rustemeyer, The Netherlands / Kristiina Aalto-Korte, Finland

10:40-11:00 - Clinical relevance of positive patch tests to metals

Jeanne Duus Johansen, Denmark

11:00-11:05 - Q&A

11:05-11:25 - The ugly face of medical devices

Wolfgang Uter, Germany

11:25-11:30 - Q&A

11:30-11:50 - Unusual presentations of contact dermatitis

An Goossens, Belgium

11:50-11:55 - Q&A

Session 3 - Mast Cell Driven Diseases

12:50-14:05 CET

Chairs: Frank Siebenhaar, Germany / Margarida Gonçalo, Portugal

12:50-13:10 - Update on chronic urticaria - what's hot?

Martin Metz, Germany

13:10-13:15 - Q&A

13:15-13:35 - It looks like urticaria - but is it?

Clive Grattan, United Kingdom

13:35-13:40 - Q&A

13:40-14:00 - Mastocytosis - what's new in the management?

Sigurd Broesby-Olsen, Denmark

14:00-14:05 - Q&A

Oral Abstract Session I

14:15-14:45 CET

Chairs: Edward Knol, The Netherlands / Charlotte Mortz, Denmark

14:15 - 14:25 - OA1-Atopic Dermatitis Quality Of Care Initiative View On The Importance Of Allergy In Quality Care For Atopic Dermatitis

Emma Guttman, United States

14:25 - 14:35 - OA2-Portuguese Immunoallergology Clinical Experience In Patients With Severe Atopic Dermatitis Under Treatment With Dupilumab

Marta Neto, Portugal

14:35 - 14:45 - OA3-Is Patch Testing Valuable In Oro-facial Granulomatosis/Granulomatous Cheilitis?

Joana Calvão, Portugal

Programme description

Friday, 12 March 2021

Session 4 - Cutaneous Drug Allergy

15:00-16:15 CET

Chairs: Chairs: Charlotte G Mortz, Denmark/ Barbara Ballmer-Weber, Switzerland

15:00-15:20 - **Mechanism of delayed drug hypersensitivity - allergy versus tolerance**

Werner Pichler, Switzerland

15:20-15:25 - **Q&A**

15:25-15:45 - **An algorithm for diagnosing cutaneous drug reactions**

Knut Brockow, Germany

15:45-15:50 - **Q&A**

15:50-16:10 - **Skin reactions to new immunomodulatory drugs**

Maja Mockenhaupt, Germany

16:10-16:15 - **Q&A**

Session 5 - Anaphylaxis

16:30-17:45 CET

Chairs: George du Toit, United Kingdom / Sigurd Broesby-Olsen, Denmark

16:30-16:50 - **Hidden allergens as triggers for anaphylaxis**

Carsten Bindslev-Jensen, Denmark

16:50-16:55 - **Q&A**

16:55-17:15 - **When to consider mastocytosis in patients with anaphylaxis**

Frank Siebenhaar, Germany

17:15-17:20 - **Q&A**

17:20-17:40 - **Idiopathic anaphylaxis: pathomechanism and management**

Margitta Worm, Germany

17:40-17:45 - **Q&A**

EAACI Hybrid Congress 2021

Madrid - Krakow, 10-12 July

Harmonizing Research and Patient care in Allergy Asthma and Clinical Immunology

This year's hybrid format will enable EAACI to build on the successful digital experience of EAACI Congress 2020: safeguarding your well-being and facilitating your participation wherever in the world you are based, while at the same time providing you access to valuable discussions within our community.

The physical part of the Congress will be organised in city of Krakow (Poland), selected for its suitability to our new format and physical accessibility. Previously planned to be held in Madrid, our Congress will retain its initial Spanish flavour thanks to the incredible work done on the scientific programme by our Scientific Committee.

The motto this year is "Harmonising Research and Patient care in Allergy, Asthma and Clinical Immunology", and as we well know, harmonisation of our practice is an effort that should be undertaken internationally.

We are looking forward to seeing you in Krakow and online!

Programme description

Saturday, 13 March 2021

Meet the Experts - How to handle difficult cases

09:00-09:30 CET

Attendance upon prior registration - FULLY BOOKED

Group 1 – Allergic Contact Dermatitis

Kristiina Aalto-Korte, Finland/Thomas Rustemeyer, The Netherlands

Group 2 – Atopic dermatitis and biologicals

Mette Deleuran, Denmark/Margarida Gonçalo, Portugal

Group 3 – Anaphylaxis to drug/excipients

Lene Heise Garvey, Denmark/Knut Brockow, Germany

Group 4 – Urticaria/angioedema and mastocytosis

Clive Grattan, United Kingdom/Sigurd Broesby-Olsen, Denmark

Group 5 – Food anaphylaxis

Barbara Ballmer-Weber, Switzerland/Henrik Fomsgaard Kjaer, Denmark

Session 6 - Food Allergy and the Skin

09:45-11:00 CET

Chairs: Knut Brockow, Germany/Lars Poulsen, Denmark

09:45-10:05 - Mechanism and prevention of epicutaneous sensitization to food allergens

Helen Brough, United Kingdom

10:05-10:10 - Q&A

10:10-10:30 - How should we select children with atopic dermatitis for testing for food allergy?

Charlotte Mortz, Denmark

10:30-10:35 - Q&A

10:35-10:55 - Clinical manifestations caused by new food allergens

Barbara Ballmer-Weber, Switzerland

10:55-11:00 - Q&A

Session 7 - Hot Topic

11:10-12:10 CET

Chairs: Martin Metz, Germany/Lene Heise Garvey, Denmark

11:10-11:25 - Pollen Food Allergy in Childhood

George du Toit, United Kingdom

11:25-11:30 - Q&A

11:30-11:45 - 2021 Contact Allergens Update

Ana Maria Giménez-Arnau, Spain

11:45-11:50 - Q&A

11:50-12:05 - Current status on prophylaxis in HAE

Markus Magerl, Germany

12:05-12:10 - Q&A

Oral Abstract Session 2

13:05-13:35 CET

Chairs: Lars Poulsen, Denmark, Barbara Ballmer-Weber, Switzerland

13:05-13:15 - OA4-Data-Driven Biomarker Discovery For Improved Diagnosis Of Contact Dermatitis

Paulina Werner, Sweden

13:15-13:25 - OA5-Isothiazolinones Remain A Frequent Cause Of Allergic Contact Dermatitis In Portugal

Francisca Alves, Portugal

13:25-13:35 - OA6-Is There A Place For Chlorhexidine In The European Baseline Series?

Rebeca Calado, Portugal

Programme description

Saturday, 13 March 2021

Session 8 - Hand Eczema and Occupational Eczema 13:40-14:30 CET

Chairs: Wolfgang Uter, Germany/Edward Knol,
The Netherlands

13:40-14:00 - **Hand eczema during the COVID-19
pandemic**
Margarida Gonçalo, Portugal

14:00-14:05 - **Q&A**

14:05-14:25 - **When to suspect occupational
dermatitis**
Kristiina Aalto-Korte, Finland

14:25-14:30 - **Q&A**

SAM Digital 2021 12-13 March

Friday, 12 March 2021

11:55 - 12:50 CET

Moderators: Henrik Fomsgaard Kjaer, Maria Bova, Jose Luis Garcia-Abujeta

PO1 - New Foam Preparation Can Improve Adherence To Basic Therapy In Atopic Dermatitis
Hans-Jörg Köhler, Germany

PO2 - A Rare Case Of Solar Urticaria In Erythropoietic Protoporphyrinemia
Plamena Ivanova Novakova, Bulgaria

PO3 - Facial And Extremities Erythematous Lesions Associated With Dupilumab Therapy For Atopic Dermatitis, Case Report.
Somaia Alsafri, Saudi Arabia

PO4 - T2 High Woman With Severe Atopic Dermatitis
Alicia Habernau, Spain

P10 - Delayed Pressure Angioedema And Omalizumab
Yaiza Isabel Bonilla Pacheco, Spain

P11 - Yellow Urticaria Following Intravenous Iron Infusion In A Patient With Chronic Spontaneous Urticaria
Soledad San Román Sirvent, Spain

P12 - The Peculiarities Of The Pregravid Period In Women With Urticaria, Which Often Recurs
Nataliia Nedogibchenko, Ukraine

P13 - Skin Manifestations Related To Fruit Consumption Lead To Increased Allergy Diagnosis In The Dominican Republic.
Leandro Tapia, Spain

P14 - Case Report Patient With Concomitant Atopic Dermatitis And Newly Diagnosed Psoriasis
Vanda Bondare-Ansberga, Latvia

P15 - Hereditary Angioedema With Normal C1 Inhibitor And Factor XII Mutation: A Single Center Experience
Inês Machado Cunha, Portugal

P16 - Contemporary Possibilities In Chronic Inducible Urticaria Therapy In Children
Inna A Larkova, Russia

P17 - Clinical Efficacy And Safety Of Multi-Strain Probiotic In Children With Atopic Dermatitis.
Inna A Larkova, Russia

P18 - A Study Of Acute Urticaria In Patients With Viral Infections, Including COVID-19
Raluca Silvia Lutuc, Romania

P19 - Eosinophilic Cellulitis (Wells Syndrome) As A Presentation Of COVID-19 In A Middle Aged Female Patient "Case Report"
Shaimaa Hani Fouad, Egypt

P24 - A Rare Presentation Of Coeliac Disease; Intractable Itching With Dermatitis Herpetiformis And Recurrent Heart Attack
Sumeyra Alan Yalim, Turkey

P38 - Atypical Presentation Of IgA Vasculitis In A 65-Years Old Patient
Elena Simon Boldeanu, Romania

Saturday, 13 March 2021

12:10 - 13:05 CET

Moderators: Elena Petkova, Daniela Carvalho, Thomas Rustemeyer

P20 - Hypersensitivity To Propylene Glycol – A Case Report Of A Contact Dermatitis In A Very Active And Radical Patient
Maria Inês T. Silva, Portugal

P21 - Irritant Contact Dermatitis (ICD) In Times Of Pandemic. A Case Report
R M Paulauskas-Vasaitis, Spain

P22 - Lymphocyte Activation Test: Reliable In Vitro Test For Diagnosis Of Para-Phenylenediamine-Induced Contact Dermatitis
Sonja Mathes, Germany

P23 - Successful 3-Day Desensitization Protocol To Thalidomide
Joana Miranda, Portugal

P25 - Successful Modafinil Desensitization Using A 3-Day Protocol
Daniela Brandão Abreu, Portugal

P26 - Contact Dermatitis Due To Acrylate Sensitization, Report Of A Curious Case
Zulay Maria Almeida Sanchez, Spain

P27 - Serum Allergy Markers And Patch Testing In Allergic Contact Dermatitis: A Single-Center, Retrospective Analysis
Jemin Kim, South Korea

P28 - Utility Of Multi-Site Lesional Patch Testing In The Investigation Of Fixed Drug Eruption Due To Fluconazole And Evaluation Of Cross-Reactivity
Ky Lyn Tan, United Kingdom

P29 - Contact Dermatitis: 10-Year Retrospective Study
Ana Rita Presa, Portugal

P30 - Can We Recommend Aluminium Based Vaccinations To Children Diagnosed With Vaccine-Related Itching Nodules And Aluminium Allergy?
Anette Gente Lidholm, Sweden

P31 - Two Cases Of Delayed Hypersensitivity To Clavulanic Acid
Joana Calvão, Portugal

P32 - Component Allergy Diagnostics: The Possibility Of Predicting Systemic Reactions To Insect Venom
Nataliia Nedogibchenko, Ukraine

P33 - Allergic Contact Dermatitis To Isobornyl Acrylate In A Glucose Monitoring Sensor
Rita Brás, Portugal

P34 - Contact Allergy To Parabens Is Low, Supporting Its Exclusion From The European Baseline Series
Inês Gonçalves Nunes, Portugal

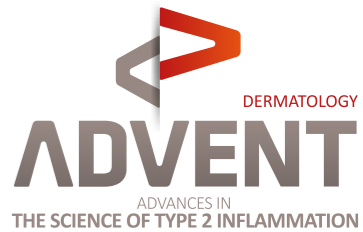

P35 - Anakinra'S Delayed Hypersensitivity Reaction In Adult-Onset Still'S Disease
Iolanda Alen Coutinho, Portugal

P36 - Allergic Contact Dermatitis To Benzyl-Alcohol Mimicking Allergy To Corticosteroids
Cristina Galán Gimeno, Spain

P37 - Occupational Airborne Allergic Contact Dermatitis To Olanzapine
Ignacio Pérez-Camo, Spain

Sanofi, a global healthcare leader, discovers, develops, and distributes therapeutic solutions focused on patients' needs. Regeneron, a leading biopharmaceutical company, discovers, develops, manufactures, and commercializes biologic medicines for serious medical conditions. Since 2007, Sanofi and Regeneron have collaborated to develop and commercialize fully human monoclonal antibodies utilizing proprietary technologies.

European Society of Contact Dermatitis (ESCD)

Voßstraße 2
69115 Heidelberg
Germany
<https://escd.org/>

The purpose of the European Society of Contact Dermatitis (ESCD) is to promote a better knowledge of contact dermatitis, improve the study of contact dermatitis in Europe, and elsewhere, improve the lives of our patients, reduce the impact of occupational risks on skin health, collaborate with authorities and industry in the prevention of contact allergy, and promote our speciality to dermatologists and the public.

To this end, the ESCD arranges congresses covering its entire field every other year and supports symposia or conferences confined to themes of special interest.
